A self-motivated, creative, and ambitious IT professional seeks to join the team at your company at the position of Junior Full Stack Engineer to make a direct impact on the company's business. Bringing two years' work experience as freelancer and knowledge as a lead developer of Full stack development in GTG, aiming to create amazing web apps to successfully fill the Junior Full Stack Engineer role at your company. Frequently praised as hard-working by my peers, I can be relied upon to help your company achieve its goals. For more information, check my portfolio at https://janakhpon.github.io and projects I've worked on for the past few years at https://github.com/janakhpon .
